

Pine Class Homework Menu

Last term's Homework Project again resulted in an incredibly high standard of work. This term, we continue to set project homework alongside the Maths or English set each week. This menu details a range of fun activities that can be completed at home to extend your child's learning. Please help your child to choose and complete a selection of these activities. To fit in with your family life, they can be completed after school, at weekends or as a half term project. If you would like further suggestions, please feel free to select from the homework menus of other classes which are all available on the school Website. Children are asked to share at least one of the activities with us in school. **The deadline for this homework is Wednesday 3rd March** and we ask that the homework is not brought into class until after half-term.

As part of our ongoing oracy focus, the children should be able to talk clearly and in detail about their completed project/s.

Stone Age recipes	Cave art	Stone age jewellery
Stone Age people could not pop to the shops for food, everything they ate had to be caught or collected. Write your own recipe for a Stone Age dinner using the sort of ingredients that would be available to them.	Make up your own story, it can be about anything you like but tell it through cave art pictures. You could use the resources they had available such as: chalk, charcoal and natural colours.	Stone Age people made jewellery out of animal bones and teeth. Can you create some of this jewellery using beads or stones? You could always draw these if you don't have the materials available.
Cave homes	<h1 style="margin: 0;"><u>Stone</u></h1> <h1 style="margin: 0;"><u>Age</u></h1>	Stone age maths
During the Stone Age, people lived in caves. If you had to live in a cave, what would you like it to look like and what would be in it? Be as creative and imaginative as you like! Maybe you could build your own 3D cave to bring in!	<h2 style="margin: 0;">Stone age quiz</h2>	Stone Age people did not understand numbers as we do. Archaeologists have found these markings in cave which they think might be Stone Age counting. Can you come up with your own method of counting? You might want to choose symbols to mean certain amounts. Will you count in sets of 10 or will your counting system work in another way?
Stone Age Animals	<h2 style="margin: 0;">Stone age quiz</h2>	
Research some different animals that were around in the Stone Age. Create a 'Deadly 60' style fact file on these animals. https://www.bbc.co.uk/cbbc/shows/deadly-60	Research all about the Stone Age and devise a quiz to test your friends in school. You could use PowerPoint to present your quiz. Make sure you check the answers carefully with an adult.	
Time travellers	Neolithic Stonehenge	Useful websites:
Imagine that you have been whisked back in time to Pre-historic Britain. You have been allowed to take one person or one object from 2021. What or who would you take and how would you explain your choice?	Draw a picture or create a model of what Stonehenge looks like now. Write an explanation to go with your model. Remember to look on our class website page for a link to a virtual tour of Stonehenge.	http://www.bbc.co.uk/history/handsonhistory/ancient-britain.shtml https://www.bbc.com/bitesize/topics/z82hsbk https://www.dkfindout.com/uk/search/stone-age/
